

Serials Solutions works towards release of enhancements

Biggest development push across all of 360 services

May 5 – At Serials Solutions, we think we are the leading developer of e-resource access and management solutions. We hope you think so too.

We are committed to helping you get the most out of your e-resource collection and helping your library become your patrons' best partner for research. Over the next few months you and your patrons can benefit from our biggest development push ever - across all of our 360 services.

This Serials Solutions update will not only help you prepare for our upcoming releases, but will also provide you with tips to stay informed about your current service.

Upcoming enhancements
