

Introducing the new Serials Solutions 360 Counter Data Retrieval Service

October 10 – We are excited to inform you that we are introducing a new Data Retrieval Service for Serials Solutions 360 Counter. The new Data Retrieval Service downloads, cleans and uploads COUNTER-compliant reports on your behalf to provide you with faster and easier access to your usage data through 360 Counter.

By using this service you will virtually eliminate the amount of time required to aggregate and correct your usage reports. Use the time saved to analyze, report and make more informed collection development decisions. To get started with the service you need to:

- Select the COUNTER compliant vendors and their reports
- Determine how frequently you want us to retrieve the reports for you: monthly, quarterly, bi-annually, or annually

To find out more about this service, or a subscription to 360 Counter, please contact us at 360@serialssolutions.com.
