- **360 Resource Manager Reports Feature:** Fourteen new and informative reports are now available to help streamline and enhance e-resource management at your library.

If you have any support questions regarding the 360 Core Overlap Analysis Export Feature please email us through the Support Center (<http://support.serialssolutions.com>) or contact us at [clients@serialssolutions.com](mailto:clients@serialssolutions.com).

**360 Core Overlap Analysis Export Feature**

You can save more time and increase efficiency by exporting tab-delimited text files of Overlap Analysis results and summary views. Exporting this data enables you to easily create reports to make faster collection management decisions, use within other applications or systems, and provide others this valuable information.

To export your data on an Overlap Analysis summary results page, select the “Export Summary” or “Export Results” button page.

## **360 Resource Manager Reports Feature**

New and improved reports help you select, acquire, and manage your electronic collection better than before. Now you can easily turn raw data into powerful decision-making insights, improve communications, and eliminate confusion with the comprehensive reporting options available in 360 Resource Manager.

You and your staff can produce reports for distribution to stakeholders, and stakeholders can easily access information at any time. Take advantage of the easy-to-use reporting options to increase your efficiency, reduce effort, and reduce costs.
